SUMMARY

A dedicated frontend developer with a strong foundation in technologies such as HTML5, CSS3, Bootstrap, SASS, JavaScript, Typescript, Angular. With hands-on experience in tools such as Firebase, Postman, I have expertise in building responsive and user-friendly web applications. Enabling me to solve complex development challenges. And I am passionate about utilizing my skills to enhance user experiences and deliver high-quality web solution.

SKILLS

- **Frontend:**
 - HTML5.
 - CSS3.
 - SASS.
 - Bootstrap.
 - JavaScript.
 - Typescript.
 - jquery
 - Angular.
 - Git & GitHub.
 - Python
- **Database & Backend Services:**
 - SQLite.
 - Firebase
 - Postman, Apidog (Test APIs)

- **Tools & Testing**
 - Postman
 - Apidog (*for API testing*)

WORK EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI) – Egypt, / *studied remotely* [6 Months in 2024]

Frontend Developer

I participated in a government-led initiative focused on advanced Frontend development, involving practical tasks and projects.

- Designing and developing project **HERFA** an e-commerce platform for handmade crafts, utilizing technologies like Angular, Material UI, and Firebase.
- Integrated secure user authentication and efficient database solutions using Firebase, ensuring a seamless user experience.
- Enhanced team collaboration and productivity through task delegation, progress tracking, and effective communication.

Independent Projects - Egypt, [2 Months in 2024]

Worked independently to strengthen Frontend development skills and explore advanced technical features.

- Built responsive and dynamic web applications, focusing on performance optimization and user experience.
- Developed and tested reusable components using **Angular**, **SCSS**, and **Typescript** to streamline development processes.
